## O CANADA

O Canada! Our home and native land!  
True patriot love in all thy sons command.  
With glowing hearts we see thee rise,  
The True North strong and free!  
From far and wide, O Canada,  
We stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee.  
O Canada, we stand on guard for thee.  
O Canada! Terre de nos aïeux,  
Ton front est ceint de fleurons glorieux!  
Car ton bras sait porter l'épée,  
Il sait porter la croix!  
Ton histoire est une épopée  
Des plus brillants exploits.  
Et ta valeur, de foi trempée,  
Protégera nos foyers et nos droits.  
Protégera nos foyers et nos droits.

### HISTORY

Carleton University is unique within the Ontario university system for several reasons. It was founded in 1942 not by state or church but through a community movement, initiated by the YMCA, to provide non-sectarian education for the thousands of men and women who came to Ottawa in support of the war effort. Because of these roots, Carleton has, throughout its history, attempted to meet the needs of the community by making its programs and resources widely available through innovative technologies and lifelong learning opportunities.

Today, Carleton stands among the best comprehensive universities in Canada. It is a dynamic, research-intensive University, committed to providing an outstanding learning experience for its more than 24,000 students. The University offers more than 100 majors, specializations and concentrations in areas as diverse as public affairs, journalism, art and culture, engineering, high technology, and international studies. Today's Convocation ceremony (the calling together of the academic assembly) has its roots in university traditions of medieval Europe.

### COAT OF ARMS

The coat of arms was presented to the University by His Excellency The Right Honourable Ramon John Hnatyshyn, former governor general of Canada, on November 15, 1992, as part of Carleton's 50th anniversary celebrations. It is described in heraldic terms as follows:

Sable a maple leaf Gules irradiated and charged with an open book Argent; And for a Crest: on a wreath Argent Sable and Gules a Phoenix Gules quilled and beaked Or issuing from flames proper; And for a Motto: Ours the Task Eternal; And for Supporters: on a grassy mount on either side a raven Sable beaked and membered or armed Gules.

The open book signifies that learning is open to all who wish to partake of it, and the maple leaf

signifies that Carleton University is in the nation's capital. The phoenix, the legendary eternal bird, symbolizes the renewing of learning from older foundations, in recognition of Henry Marshall Tory's role in the founding of the University when he was 78 years old. Ours the Task Eternal is taken from a Walt Whitman poem entitled *Pioneers* and ties in with the eternal quality of the phoenix.

The Carleton University coat of arms therefore symbolizes sound learning, good citizenship, and the highest hopes of humanity.

### THE MACE

The mace is a staff symbolizing authority. In the days of knighthood, it was a weapon, but after the 16th century it became solely a symbol of authority carried by a distinguished member of an assembly. It is used on ceremonial occasions to signify the right of an individual or institution to perform a certain function—in the case of universities, to grant degrees.

At Convocation, the mace is carried ahead of the Chancellor as he or she enters and leaves each ceremony. During the ceremony, the mace is displayed as an embodiment of the authority of the University.

Carleton's mace was presented to the University in 1976 as a gift from the Chair of the Board of Governors at that time, Mr. Hyman Soloway. It is a silver-plated staff about one metre long. At the upper end there is a bowl marked with the University's coat of arms and the University motto in Latin and English—*Opera Nobis Aeterna* and *Ours the Task Eternal*. From the upper portion of the bowl rises a phoenix. Traditional oak leaves surround the lower end of the staff.

### THE DIPLOMA

The diploma the graduates receive at Convocation is the certificate of qualification which displays the fact that the student has fulfilled all the

requirements and completed the prescribed course of study for the degree. As the senior academic legislative body of the University, it is the Senate that determines whether the requirements have been met. The signatures of the Chancellor and the President and Vice-Chancellor of the University appear on the diploma: the Chancellor because of his or her role in conferring the degree, and the President and Vice-Chancellor who, as Chair of Senate, certifies that Senate has enacted the required motion to award the degree. The Seal of the University is affixed to the diploma as a mark of authentication.

## ACADEMIC DRESS

The academic dress of Carleton University results from a compromise between that found in the ancient foundations of Britain and Canada and the American Intercollegiate Code. All three hoods—bachelor's, master's and doctor's—are of the simple or Oxford shape. The bachelor's, master's and doctor's hoods are made of black "stuff," and are lined with silver silk, with two chevrons, one of red and one of black, signifying Carleton University's colours. From bachelor's to doctor's, the hoods are progressively longer and opened to show more of the lining.

The velvet border of the hoods denotes the degrees granted according to the following colour combinations: applied science is orange with a black cord sewn slightly in from the lower border; architecture is cerise; architectural studies is cerise with a black cord sewn slightly in from the lower border; arts is white; commerce is camel brown; computer science is royal blue; engineering is orange; humanities is white with a red cord sewn slightly in from the lower border; industrial design is dark cardinal; information technology is maize including a green chevron to denote the joint degree and applied diploma from Carleton University and Algonquin College respectively; international business is camel brown with a red cord sewn slightly in from the lower border; journalism is white with a black cord sewn slightly in from the lower border; management studies and business administration are camel brown with a black cord sewn slightly in from the lower border; mathematics is hunter green; music is venetian pink; public administration is peacock blue; public affairs and policy management is teal with a gold

cord sewn slightly in from the lower border; science is golden yellow; social work is cream; and doctor of philosophy is purple.

The master's and bachelor's gowns, to be worn with the above hoods, are of full length, made of black stuff, with a gathered yoke behind, and long open-fronted sleeves. The doctoral gown is of full style, made of fine royal blue cloth with facings of light blue silk, with a full gathered yoke behind, and closed sleeves with an opening at the elbows.

The two shades of blue in the doctoral gown are those of the United Nations, and recognize the University's long-standing interest, from its earliest years, in international affairs and issues. The colours were chosen when the University awarded its first honorary degree in 1954 to the second secretary general of the United Nations, Dag Hammarskjöld. The tradition of awarding honorary degrees to secretaries general of the United Nations has continued since that time.

The gown of the honorary Doctor of Laws, Literature, Music, Science, Engineering, Architecture or Fine Arts is a full robe with bell-shaped sleeves. It is made of fine royal blue cloth with facings and sleeves in light blue silk. The hood is made of the same material as the gown, has the same lining as that for the degrees granted by examination, and is bordered with dark mauve for the degree of Doctor of Laws; vibrant blue for the degree of Doctor of Literature; venetian pink for the degree of Doctor of Music; red for the degree of Doctor of Science; orange for the degree of Doctor of Engineering; cerise for the degree of Doctor of Architecture; and dark cardinal for the degree of Doctor of Fine Arts.

## ALUMNI HALL

The Alumni Hall and Sports Centre opened in 2005 and serves more than 750,000 visitors every year. The new centre has tripled the usage for athletic and other activities at the University. The centre also houses the Fieldhouse and Ravens' Nest (home of men's and women's varsity basketball teams), which welcomes graduands and their families twice a year to Carleton University's Spring and Fall Convocation ceremonies and receptions, respectively. The Carleton University Alumni Association donated \$2.5 million towards the construction of this exceptional facility.

## HONORARY DEGREE RECIPIENT

---

Mark Starowicz, B.A.

Mark Starowicz will be awarded the Degree of Doctor of Laws, *honoris causa*, in recognition of an outstanding career as a producer of influential current affairs and documentary programs in Canadian broadcast history.

Executive director of documentary programming at CBC, Mark Starowicz is a writer, historian and consultant on television, journalism and mass communications. Considered one of this country's experts in the history and evolution of broadcast communications, he speaks widely on the impact of the media revolution.

Born in England to parents of Polish descent, Starowicz began his career in newspaper journalism and joined CBC Radio in 1970, where he received particular acclaim for his reworking of *As It Happens* and his creation of *Sunday Morning*, a three-hour weekend review. In 1979, he made the shift to CBC Television, where he executive produced the current affairs and documentary program *The Journal*.

Starowicz has transformed the Canadian broadcasting industry and created some of Canada's most influential news programs during a radio and television career that spans more than four decades. He created and produced the 32-hour documentary series, *Canada: A People's History*, which aired in English and French, attracted more than 14 million viewers and won three Gemini Awards. His six-hour history of television news, *The Dawn of the Eye*, was hailed by critics around the world and is a staple of journalism schools in North America.

His many honours and awards include the Canadian Journalism Foundation Lifetime Achievement Award and Officer of the Order of Canada, as well as six honorary degrees from Canadian universities.
